

To whom,

08/28/15

My wife and I purchased our dream home in Lebanon in July of this year. We moved from California and are now living full time in Lebanon Oregon with our three children. I have full physical custody of my son Hunter John Franco. CPS removed Hunter from his bio-mother in September of 2012. He will be attending Lebanon High School as a new student this year and until he graduates. If you have any further question please feel free to call, write and or e-mail me.

 John Anthony Franco III
