

I am writing this letter in regards to my son Daniel Arias wanting to be able to play on the football team for Oakland High School. Before Daniel came to live with me in 2013 he had been living in California with his Aunt & Uncle who adopted him. Due to poor choices on his behalf he was sent to a treatment center in Utah. Upon completion it was in his best interest that he be returned to my care.

It was a decision that was agreed upon by his adoptive parents, counselor and myself.

Daniel's freshman year was very challenging and unfortunately towards the end of that year he returned to treatment in Utah. Throughout that time I worked very closely with his counselor to help Daniel work through

personal Issues that He was still struggling with. He has ~~made~~ Taken an interest in football over the Summer & Has Expressed that He would like to play on the team. I feel I Have Seen a Change in Him to Be able to make positive choices and feel if He was allowed to play, it will give Him the confidence He needs in Himself to continue to move forward and to Surround Himself with positive people.

I am Hopeful you would take this into Consideration in making the Decision.
