Credit Recovery Plan

for

Benje Orozco Jr.

Because of losing a semester worth of credit due to a severe concussion, Benje Orozco is 1.0 credit short of meeting the progress towards graduation requirement as stated in OSAA Rule 8.1.2.

Benje and his parents have decided to repeat his 10<sup>th</sup> grade year here at Western Mennonite School. This additional year will provide more than enough time for Benje to recover the missed credits that he suffered last school year.

If you have any further questions please feel free to contact me.
