To Whom It May Concern,

We decided to let Janelle go back to California to live with her mother and enroll in school down there this August of 2015. Janelle stayed in school for about 2 weeks and decided she did not want to go to school down there in the Bay area as it was not what she expected it to be. She called me and wanted to come back here to Malin to live and go to school at Lost River.

I went down there to pick her up and brought her home and enrolled her back in school at Lost River where she intends to graduate.

Any other questions, please give me a call at 928-595-1384.

Thank you for your concern.

To Whom It May Concern,

I decided to go to my mother's this summer and try to go to school there. I attended San Lorenzo High School for about 2 weeks since the first day of school. I then decided that I didn't like the school and wanted to move back up to Oregon and attend Lost River High School as I did the previous school year. I wish to participate in athletics this school year at Lost River.

Thank you for your concern,

Janelle Slightam
