

My name is Brian Davis and my wife is MaryBeth. We have four children, Audrey 17, Noah 15, Caleb 9, and Kyle 8.

Our children have been part of the Damascus Christian school family for seven years now. We have been blessed to be able to watch foreign exchange students come through our school and experience America in a Christ centered light, with that being said.

Just a few weeks ago there was an email sent out to all families that there was a couple foreign exchange students that were wanting to come to our school but the original host families had fallen through so they were seeking the help of other school families. We have always wanted to do something like this so we prayed about it and decided that it would be a great experience for our family. At that point we had no idea who the students were, where they were coming from, or even what gender they were. We just knew they needed a home for the year.

We were given a sweet young man named Davide Riboldi from Italy and we are excited to have him in our home. When we found out some of his likes and interests, we were even more excited because Davide has a love for soccer just as my family does. I am the coach of my two little boys on a Damascus club team. I am also blessed to be the coach of my two high schoolers at Damascus Christian so you can only imagine their joy to have our new family member come aboard our team when he arrived.

I believe it would be a wonderful experience for Davide to not only have a year of a solid Christian education at DCS but to be able to play a sport he loves in America alongside his host siblings.

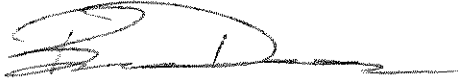

We live in Oregon City and the drive is 20 minutes one way, If Davide was unable to play soccer for our school, my wife would have to

transport him to another school or club in the surrounding area and that would take away from our family dynamic.

Please prayerfully consider allowing Davide to play soccer at DCS.

Thank you,

Brian Davis
