To Whom It May Concern:

Nickolas Rosenberger joined Oregon City High School his sophomore year after had been in homeschool his freshmen year. Our district was unable to count his homeschool credits from his freshmen year, putting Nickolas a year behind in school off the bat. In conversations with him, Nick shared with me his goal of not only graduating with his class, but also his goal of earning the Advanced Diploma – our HIGHEST diploma and honor at Oregon City High School.

Together we put a plan in place where he would need to complete some academic work outside of the regular day. Not only has Nick been taking the most rigorous course load, he has taken early bird classes, held a Summer job to earn Work Experience Credit, AND took college courses at Clackamas Community College all to be able to graduate on time. His Senior year will consist of two trimesters of an Earlybird class on top of his regular 5 classes a day then finish his last trimester with a regular 5 class schedule.

Nick is one of the most determined students I have met in my years as a counselor. He has the drive, integrity, and passion to not only earn the highest diploma in high school, but is also a strong Student Athlete that I am proud to say is a part of our Pioneer family.

Please consider granting a hardship for Nick.

Sincerely,

Melissa Corwin  
Licensed School Counselor  
Oregon City High School
