

To whom it may concern,

This email is in regards to my son Nickolas Rosenberger. I would like to ask that he be allowed to run during this cross country and track season.

Nick has shown himself to be an excellent student and athlete and has worked very hard to complete high school in three years by this June. He worked before school, after school and during the summer to make this goal a reality. His determination and dedication to both his grades, his learning, and cross country and track has proven his ability to succeed in everything he does.

Thank you for considering this request and letting us know about your decision as soon as possible.

Best Wishes,

Anna McSorley- Rosenberger
