Ken Smith, Principal

Dear Committee:

This letter is to confirm that Kaitlyn Lobato has experienced some significant obstacles the past few years. I am familiar with the family's history in Myrtle Point and would like to encourage the committee to allow Kaitlyn the opportunity to participate this school year. As the Principal/Special Education Director I assure the committee that Kaitlyn would greatly benefit both socially and academically by being allowed to participate in school sports. Thank you for your consideration. Please contact me if you have any further questions.

Sincerely,

Ken Smith, Principal/Special Education Director
