Dear Hardship Committee

09/29/2015

I am writing this letter on behalf of Nicolas Moreno Arellano. Nicolas is an eleventh grader at Klamath Union H.S. He came to us from Mexico as a sophomore, and had no transcripts from Mexico. During his time, here at KU he has, completed 6.5, credits and would be on track for graduation if he had attended his freshman year at KU. He has maintained a 3.08 grade point average while here; this is quite remarkable being that he has come from Mexico with no previous high school experience. In Mexico Nicolas completed the 6<sup>th</sup> grade and then went to work until moving here. He did not attend school past the 6<sup>th</sup> grade because that would have required him to begin paying for his education, which his family could not afford. This student has done remarkably well academically considering his circumstances. The plan for Nicolas will be to complete his junior and senior year here at KU. He will then transfer to our continuation school Klamath Institute; there he will make up his freshman year of school. Nicolas is a very bright and pleasant student here at KU; he has no behavioral issues and is working very hard to complete his education.

I request that you consider extending an academic hardship for Nicolas.

Thank You

Scott Mason
