To Whom It May Concern:

I have worked with Steven Zepeda often during the last year that he has attended McNary High School. He is an enthusiastic and quick learner when working in the Arts and is able to transfer skills between disciplines to strengthen his performance.

Steven is also a positive influence on his peers in class and in the school as a whole. There have been times, last year and during this current semester, where Steven has intervened in a very positive way to help a peer get back on-task and avoid getting into trouble. He shows patience and a calm demeanor when he provides this guidance, demonstrating a positive maturity level. In addition, he is always willing to do extra work in the Arts to show an advanced proficiency level. Steven has become a well rounded student that shows the ability to continue to excel and be a life-long learner.

In closing, I feel Steven will continue this growth. He will be a positive influence in any area he performs in, contributing for the good of everyone. In the Fine Arts classes we look forward, with confidence, toward to Steven's future success.

Sincerely,

Mark Kohley
