To whom it may Concern
I am writing in regards
to Colby Brenton Robert Powell
and his situation.

Colby was living with his family
in the David Douglas School District.
In late August his mother was
arrested for a DUI and was
sentenced to jail.

She had stopped paying the rent
and bills leaving the family
homeless. We are currently
and plan to permanently have
Colby and his siblings live with
us. We live in the Madison
High School District where
Colby has been for most of his
life.

Along with the emotional abuse
and neglect he has endured, he
remains a strong respectful and
eager student. At David Douglas
he was happy and really enjoyed

Sports (Football and Wrestling)
He has taken so much from these
disciplines, strength ect. and Pride

As a Parent (Grandparent) We
know that a child needs the
connection with other students
through sports, arts, music.

This enables the child to stay
in the middle of school. We
worry without this that
Colby's success will be greatly
reduced.

Please do what ever is needed
to allow him this opportunity.
His circumstances were beyond
his control.

He has to live with his past
scars Please let his future be
successful and full of greatness

Thank you Dauri B. Blair
