Re: Antonio Lara-Urueta

We are asking that you consider this appeal to allow Antonio an opportunity to play soccer while he works towards graduation this year. Based on semesters he should have been in school, he is now a 5th year senior. He has struggled with school mostly due to his early years as a monolingual student at Mac-Hi.

His parents returned to Mexico in November of his sophomore year so he failed those classes 1st semester. Because the family did not return for 2nd semester he also missed out on the opportunity to earn credit at that time.

Antonio is a good kid and meshed well with the team last year. We would request you allow him this opportunity to play this additional year.

Sincerely,

A handwritten signature in black ink, appearing to read "Jay Rodighiero", followed by a long horizontal line.

Jay Rodighiero, VP/AD
