October 19, 2015

Matthew Gallegos has not previously been on an IEP or been evaluated for Special Education services. Last school year, 2014-2015 there were two Student Support Team meetings at Milwaukie Academy of the Arts/Milwaukie High School and the team did decide to move forward with a SPED evaluation at that time under the category of Emotional Disturbance. A consent for evaluation was signed but before they could begin the evaluation, Matthew left school and was in residential treatment at the Children's Farm Home. They focused on his mental health and did not complete this process. Since the consent to evaluate had expired, we have started a new process here at Clackamas High School. Please contact me with questions.

Sincerely,

A handwritten signature in green ink, appearing to read 'Erika K. Rutz'.

Erika K. Rutz, M.A.
