

9/28/15

To Paisley High School Athletic Director :

My daughter, Emalee Brown, is in her Senior year of high school. She is transferring from Vale High School to Paisley High school as of 9/28/15, and is requesting a waiver to participate in sports at Paisley.

Myself and my husband live and work on a remote ranch 40 miles outside Winnemucca, NV. I have Emalee's 3 younger sisters in a home school program. Last year we allowed Emalee to move in with her biological dad so she could attend high school in Vale, OR. She completed her Junior year at Vale and had started her Senior year there in August. Her home situation living with her dad had become an increasingly unhealthy environment for Emalee emotionally and we could no longer allow her to live there.

My parents live in Paisley, where I grew up, and we decided the best option for Emalee to successfully complete her high school requirements and prepare for college was to move in with her Grandparents, Ross and Patty Westgate, and attend Paisley High School.

The large majority of students at Paisley participate in sports and we would very much like Emalee to have the best high school experience possible at Paisley and be allowed to participate in Basketball and possibly track.

Thank you for your consideration

Kelly Draper

To Paisley High School,  
My name is Emalee Brown, I just  
transferred to Paisley High School  
after starting my Senior Year at  
Vale High School last month. I did  
complete my Junior Year at Vale last  
year. Due to family problems, I can  
no longer live at my dad's house in  
Vale. So I have moved in with  
my grandparents in Paisley. I plan  
on finishing my Senior Year at Paisley  
High School. Since I am asking  
for a waiver to participate in  
sports at Paisley. Almost all the  
students at Paisley are in sports  
and I would like to be included.

Thankyou,  
Emalee Brown
