RE: William Blank

William Blank is a sophomore at Redmond High School. He is currently not making adequate progress toward graduation and is also grade deficient. He would like to play football at Redmond High School.

William lived with his father in Medford, OR last year and attended North Medford High School. During that time, William had little direction from his father who did not require him to attend classes. William's brother has since dropped out and in an effort to make a change in William's life, his parents made the decision for William to move to Redmond to live with his mother.

William's grades have been excellent though the first progress report of the school year. He has also attended classes regularly. He has attended football practices since doubles and has remained stalwart through six weeks of practices without eligibility for playing in games. I feel the changes that William has made in his life have been for the better and he is on his way toward graduation. I support his eligibility request.

Yours respectfully,

  
Nathan Stanley  
Redmond High School  
Athletic Director
