Churchill High School

Re: Kayla Hernandez-White

Credit Deficiency

We support Kayla Hernandez-White to continue on a monitored plan to keep her on track to graduate at the conclusion of her Senior year.

She will be enrolled full time at Churchill High School and by completing all of her courses, she will graduate on time as the credit recovery plan outlines.

Currently, Kayla is a practicing member of the JV girls soccer team. We have provided a progress report that demonstrates that she is currently passing all of her courses. We would like to allow her to participate in games in the last three weeks of the season.

We will continue to monitor her progress in classes to ensure she is passing all of her classes in order to play in contests.

Sincerely,

Kelly Bokn
