To: OSAA

RE: Dylan Blazevic

To whom it may concern,

This letter is on behalf of my close family friend, Dylan Blazevic. For the past 8 years, I have had the pleasure of getting to know Dylan as a caring, smart, genuine person who has a passion for playing basketball. Dylan hasn't had the easiest upbringing; as his mother seldom required him to go to school, and was absent much of his life. I have seen a huge progression in Dylan's life since he moved in with his aunt, Nikki Elkins, four years ago. He still has room for improvement but he is on the right track to a bright future.

I believe that a key factor in Dylan's advancement in both school and life is his ability to play basketball. It gives him a sense of worth and responsibility, as well as a form of therapeutic exercise. Please allow Dylan to participate in OSAA this season. This opportunity will reinforce and strengthen Dylan's development as a young man.

Sincerely,

Haley Glennon
