

My name is Jayve Eram and I am a sophomore at Madison High School. Joining the football team has brought a lot of change in my life. Before I joined the team I was involved in a lot of bad things such as gang activity, drugs, which kept me out of school. Since I've joined the team I haven't been involved in any of the things I listed. The football team keeps me on the right track and keeps me out of trouble. Being apart of the team has changed me a lot and now I want to be actually on the field playing, which is why I'm writing this letter. A couple months ago my brother was shot and my brother is a person I look up to and I follow in his footsteps but I want to be lead in the right direction, my brother is also on the football team. My freshmen year I wasn't involved in activities and was barely at school because of the

gang activity I was involved in. I had straight F's and didn't get the credits I needed. Since I've joined the team, my grades have had a total change. I please ask that you accept my letter and let me play the remainder of the season. I really would like to graduate also, and I believe playing football is my way to stay on track to graduate.

My Name is Merita Arites I'am the Mother of Jaycure Earr. Since My Son has Joined the team, His Grade has improved alot. Also He hasn't been getting in to any trouble as he used to. Being on the team inspires my son to do better. He really wants to Graduate High School, and I believe him playing football, can keep him on the right track to be able to graduate. So I hope you accept his letter so he can continue to improve.
