

10/14/15

My name is Amanda Prieto.
I am writing a request
a Special School transfer
to Milwaukee High School
for my daughter Isabella Prieto
are Reasoning for transferring
to your school is for the
education a MAA High School.
Isabella went to Milwaukee at
Rave Middle School a year ago
graduated from the 8th grade
was with a great Gpa and
planning on going to Milwaukee
Academy or a. But something
did not work out for us I'm
a single mom with four kids and
got offer a apartment in organ
city for low income housing
and I took it for me and my
kids Enrolled Isabella is school
at organ city High School
hoping she would fit in. As
school started I saw her becoming
very depressed and missing
her friends in Milwaukee
and seeming very sad then
I saw her grades start to
drop she was not fitting in
so I and Isabella both think
her education is very important
so we made the choice to
transfer her to MAA.

for her well Being and most
important her Education.
Organ City High School was
very large and lots of
kids for some reason it was
not a very good pick for
my Daughter. We are
planning on staying in
milwaukee MA for the
next 4 years and seeing
her graduate with her
family and friends.
Thank you for your time

Sincerely
Amanda Prieto

My reasoning for transferring from Oregon City was for my education. Oregon City was just too big of a school for me. I did not fit in, I was having trouble with my academics and was falling behind. The four weeks I was in Oregon City High School. Last year I attended Howe Middle School.

I really enjoyed that middle school and when I found out that I was moving I was disappointed because I wanted to attend Milwaukie High School, with all of my friends and to have a wonderful 4 years of high school. Transferring into MAA was the best idea for me and my family, the teachers are very helpful and very understanding, there are more hands on than Oregon City. Education is very important to me. I believe that MAA will help me achieve my goal to go to college and make a career. I plan on staying at Milwaukie till I graduate. Oregon City was a great experience for me but I wasn't happy where I was at or at my academics due to how big the school was and the unfriendliness of the students there. MAA has been

Very welcoming and I enjoy going
to that School. Thank you
for your time.

Sincerely,
Isabella Pinto
