

To whom it may concern,

I am a fifth year student. At Chemawa Indian School, I have traveled a lot during my first high school year my education has been sporadic. That is why I had decided on my own to enroll into a boarding school my sophomore year. My family traveled and moved a lot for very good reasons, during our moving around I had to attend school every time I moved I had to enroll into that district which was very difficult and took time. But during that time I managed to keep my grades as passing. And also my fresh men year I was unable to play sports due to moving and also transferring to the school too late into the sport season. The places I have moved to during my freshmen years were; Bismarck ND, Salt lake Utah, and many other places with in Montana.

I've been here at Chemawa Indian School for two years going on three, during my two years my GPA has been a 3.0 and higher, I am now senior with only 4.50 credits remaining to graduate and I would like to play basketball my last year here at Chemawa. Thank you

Sincerely,

Feather Mountain Sheep

To whom it may concern,

I Terry Mountain Sheep, being the father of Feather Tyne Mountain Sheep, am writing to the Chimawa Indian School for hardship. Due to Feather missing school a lot when she was a freshman was because she was moving around a lot. It was an unstable time having to enroll into three different schools, and try to keep her academics up. For which she was held back a year. We as parents only wanted the best for Feather but at the time it was hard and employment meant that I had to travel to different places. Feather wanted to play sports but was unable to, being a new transfer and the time of the year she had to miss out on an opportunity to be a part of her wish.

So I humbly ask that she be allowed to continue playing Basketball for Chimawa, and graduate from there fulfilling her wish to play sports as a high school student.

Sincerely,

Terry Mountain Sheep
