

belts in Kickboxing. He has told me he eventually wants Scholarships in wrestling. He has been doing Jitsu and Kickboxing since he was 9 years old. And when he was involved with that he was very focused at school and everything else.

Trevor has made a bad choice and has agreed to give La Pine High School a chance. At first he was refusing to go to another school or wrestle for another team but now I am very happy that he wants to give this a chance.

Thank You
Paulette Smith
