To Whom it May Concern,

10/30/15

This letter is in support of Kobe Spencer's hardship. Kobe has family circumstances that are out of his control that have caused him to move to 4 different high schools and seek medical attention for depression. His family life was less than ideal with a father that has spent time in jail multiple times and a relationship with his mother that caused him to become depressed and unsuccessful in school and life. Due to these factors he moved to Creswell with his grandparents this summer. When he enrolled at Creswell he was .25 credits away from being on track to graduate.

Kobe came to Creswell this fall and has done well academically as well as socially. He appears to be really enjoying his time at Creswell. He is taking 2 online credit recovery classes that he is almost finished with that will put him ahead of the game on graduation. He is also passing all of his classes and has very good attendance.

Kobe has never played high school sports and would benefit greatly from the social aspect that sports offers. Please consider supporting this hardship as I believe it is best for the student. Please contact me if you have any questions.

Sincerely,

Jordan Osborn
