Hardship Committee

Yancy Rangel, my son, in 7th grade moved to Eugene to live with my ex-wife and her new husband. During his freshman year at Willamette High School Yancy got into a difficult situation with an ex-girlfriend. This situation put Yancy at another school and in the Juvenile system in Lane County. His mother and I decided it would be in Yancy's best interest to move back to Gold Beach to live with me. Yancy has worked very hard to get his house in order this first quarter at Gold Beach High School and I am very proud of him for doing this. As his father I would like to see him back playing athletics with his brother and lifelong friends. Thank you for your consideration on his eligibility.

Sincerely,
