**Hardship Committee**

I am writing to the Committee on behalf of Yancy Rangel. Yancy is presently a 10th grader at Gold Beach High School, and currently in good academic standing. Yancy could not petition for eligibility in the fall because of his lack of enough passed/graded classes from Churchill High School. So he spent 9 weeks practicing with the football team and focusing on resolving his academic issues, which he has accomplished.

We are writing to petition for eligibility to participate in the winter and spring seasons. Yancy attended elementary school in Gold Beach until 7th grade when, because of his parents' divorce, he moved to Eugene with his mother. As a freshman at Willamette High School he got into some trouble over an ex-girlfriend and found himself at Churchill High School. Mischief followed him there because of the peers he was running with. His father and mother decided it was in Yancy's best interest, academically, athletically and socially, to live with his older brothers and father in Gold Beach. This, in my observation, has been a terrific decision. I have Yancy in my 10th grade U.S. History class and can see first hand his focus on getting back on the academic track and staying out of mischievous juvenile behavior. Yancy is a very personable, positive and enjoyable young man to be around. It is for all of these reasons we are asking the District Hardship Committee to grant eligibility to Yancy Rangel.

Sincerely,

**Kevin Swift  
Athletic Director  
Gold Beach High School**
