Dear OSAA,

I transferred back to Gold Beach High School and living with my father after having a terrible year at Willamette and Churchill High Schools in Eugene. My girlfriend at Willamette and I had a difficult and bad breakup which landed me a Churchill High School. At Churchill I continued to do stupid things that landed me in trouble with the law. My parents and I decided moving back to Gold Beach to live with my father is what I needed to do. I have missed not playing football with my friends and brother in the fall to concentrate on my grades and behavior. My grades are now where they need to be and because of my father's strictness I have gone back to behaving appropriately. Please consider my request to play sports now that I have gotten myself in good standing.

Sincerely,

Yancy Rangel
