To whom it may concern:

Please grant David Vasquez a hardship condition to allow him to be eligible to play basketball here at Southridge for the 2015-2016 school year. David recently transferred here from Nevada because of his mom's work. In Nevada he attended Quest academy and did very well passing all of his classes with no grades lower than a C; unfortunately, according to the Beaverton School District regulations, we can only accept and transcript grades from accredited institutions. Upon investigation completed by our registrar we discovered the educational institution David attended is not accredited. If we had been able to accept the credits David would be on track to graduate with his class in 2017. As it stands, we were able to accept his credits from 9th grade so he does have 5.5 credits. I understand from David and his mom that he is a conscientious student and he takes his academics seriously, so I have no doubt he will pass his classes here at Southridge. Moreover, we did discuss a plan where if David stays here in Oregon he can take additional classes over the summer to graduate with his class. Basketball is an important part of David's life and being able to participate in this activity will help him become an integral part of our Southridge community. I urge you to grant David Vasquez's hardship request.

Sincerely,

Tresci Sork, Southridge Counselor S-Z
