

**Subject:** David Vasquez 2017

To whom it may concern,

My son David Vasquez is a student at Southridge Highschool. We moved here from Las Vegas due to work, I accepted a job in Oregon. He is on track to graduate for his class 2017. The credits are there and he has a good GPA, however Southridge says they are not able to accept the Nevada school credits. David is a good citizen who volunteers in the community and has never been in trouble. David has worked hard to have the good grades with hopes to go to college and at this time colleges have him on their radar . Its important that he continues to play because with his grades and skills with basketball he can earn the scholarship he needs.

Thank you,  
Rebecca Vasquez
