

11/18/15

To Whom it may concern,

We are writing to ask permission for Austin Brown to be allowed to play basketball this season. Austin is 20 years old, and has Down Syndrome. Austin loves sports. He enjoys being included with the team. He looks forward to every practice. Not only does Austin benefit from being included on the team, his peers also benefit from including Austin on the team. Austin beams with excitement as he takes the court for pre-game warm ups. His enthusiasm is infectious. If he plays, 5 seconds, 2 minutes or not at all (due to the game being too close, and for safety reasons), he is proud to wear his jersey and be a part of the team. Please allow Austin to be a part of the Pacific Pirate basketball team this season.

Thank you,

Joe and Kelli Brown

A handwritten signature in black ink, appearing to read "Joe and Kelli Brown", with a long horizontal flourish extending to the right.
