

This letter is in reference to the hardship requested for Amina Donahoe for the 2015-16 school year at Thurston High School.

Amina has transferred from Lynnwood, Washington because of hospitalization. That hospitalization required intensive family counseling that caused an understandable hardship to her academics.

Her move to Thurston has been positive. Amina is earning over a 3.0 GPA and is ahead of schedule for graduation this spring.

Thank you for considering approving this hardship.

With respect,

Chad R. Towe, Ed.D.
