

Dear OSAA,

This letter is to request a hardship for myself, Amina Donahoe. This school year I am a senior at Thurston High School in Springfield, Oregon. I transferred from Lynnwood High School located in Bothell, Washington in the summer of 2015. I attended Lynnwood during the year of 2014-2015. At the end of the school year, I had only earned 2.67 credits for the second semester. This was due to many hardships that I faced during this time period including two hospitalizations that required intense family support. I am now requesting a hardship for the Winter Sports season of 2015-2016. Though second semester last year was a challenge, I now have a GPA greater than 3.0 and am ahead of pace to graduate. Thank you for your time and consideration.

Sincerely,

Amina Donahoe
