Dear Mr. Welter,

I am requesting a waiver for Jonas Jakob, a foreign exchange student, because he is living with the Pilot Rock High School football coach. Jonas was already in the United States before he was placed with the Anderson family. He would now like to play basketball, but Cory Anderson is still on our paid coaching staff.

I have received a letter from EF and am including it with this waiver request. As a coach, Cory had no idea of the foreign exchange student rule prohibiting Jonas from playing sports.

Please consider this request, as Jonas would really like to play sports while here in the states.

Sincerely,

A handwritten signature in black ink that reads "Anna L. Tester".

To whom it may concern:

Jonas Jakob is an exchange student that attends PILOT ROCK JR SR HIGH SCHOOL and lives with Heidi Anderson and Cory Anderson. When Jonas was first placed in the community, he was matched with a Welcome Family, Sharame Marlatt. It wasn't until August 13, 2015 - after receiving his High School Enrollment form and after he had already arrived in the US- that the Anderson family decided to host him. Because of this, we feel very confident that he was not brought to the country nor the community to be involved in athletics.

Please do not hesitate to contact me if you have further questions or concerns.

Best,

*Allison Campfield*
