

I want to thank the people of the Oregon School Activities Association for giving my son Kalib Graham a chance to improve his academic standing. Kalib has excellent attendance and has enhanced his focus and grades while attending Lebanon High School. I am proud to say that for the first time, I am confident that he will graduate High School.

Kalib still has a tremendous amount of work to do, but I feel with the support of his family, teachers, and Athletic Director, Kalib will continue to develop new skills. Kalib is capable of being a great leader, he just needs to harness the traits that will allow him to be successful academically, athletically, and socially.

Kalib has transformed himself completely since moving from Churchill High School to Lebanon High School. Gone is the kid that rarely attends school and fails 90% of his classes. In his place is a guy who tries hard, attends class, and strives to improve.

Kalib has worked diligently to strengthen his grades and did attend summer school in order to make up credits. I love Kalib, and know that he has the ability to make the necessary sacrifices to achieve his dreams.

Sincerely

Jess Boysen
