

November 16, 2015

To the Members of the Oregon School Activities Association:

In regards to my last year's academic record, I want to inform you that I did pass my classes and I now have 9.75 credits. I still need .25 credits to complete my graduation requirements. I really am determined to graduate from high school with the goal to go on to college. The continued support that I get from my Dad, other family members and teachers is so important to my success.

I really appreciate you taking the time to read my letter. If you have any questions, please contact my Athletic Director or myself.

Sincerely,

A handwritten signature in black ink that reads "Kalib Graham". The signature is written in a cursive style with a long, sweeping underline.

Kalib Graham - Junior
