Hello,

Angel Gutierrez-Brooks has 15 credits remaining to complete in order to earn his High School diploma. He needs to complete credit recovery in Algebra 1 for second semester (.5 credit), and second semester Sophomore English (.5 credit). I understand that Angel plans on taking these during summer school in 2016 so that he can focus on passing his current schedule of classes this year. He has great support through the Options Program and has been taking advantage of the resources within our school to help him to be successful.

He will need to complete the above mentioned credit recovery, pass seven credits of classes this year and seven credits of classes next year in order to graduate on time.

Please let me know if you have any questions.

Thanks,
Laura Blaser
