To Whom It May Concern:

I am writing this letter on Yosalin's behalf as she was a half credit short in order to be eligible to compete in swimming. I have only known Yosalin for a short while as her father just started teaching this fall at McMinnville High School. Although she has only been here a short time she has already made a positive impression on me. Yosalin is dedicated, hard working, and a great teammate. Yosalin shows up on time and does what her coaches ask. As with all my swimmers, I believe that the structure, values, and benefits she learns while swimming are extremely important and cross over academically. Yosalin is excited to be part of the team and again those qualities that I try to instill in my swimmers; working hard, commitment, being on time, setting goals, and team work, I believe will benefit Yosalin academically.

Your consideration of this matter is greatly appreciated.

Sincerely,

Jason Hafner
Head Swimming Coach
McMinnville High School
