To whom it may concern,

Our daughter Delaney Van Andel is currently a junior at Reynolds HS. She enrolled at the end of the last school year. She moved back home with her father and I after living with her mother on the west side attending Westview HS. Due to a traumatic home life over there Delaney returned home to us and will remain living with us. We're requesting that Delaney be able to play basketball for Reynolds. Playing ball has been a constant in her life through many unstable years. Delaney played ball in middle school and HS on the west side and would like to be given the opportunity to continue to play now for Reynolds. Before going to live with her mother, Delaney attended Sweetbriar elementary in the Reynolds school dist. Her older sister graduated from Reynolds in 2012 and her younger sister will graduate in 2019. Her father and I have full custody now and she is thriving at home and school again. She's a 3.8 student enrolled in the Center for Advanced Learning, working at the movie theater and hits the gym before school. Nothing would make her happier than getting to play with the girls she grew up with and be part of a team again.

Thank you for your time and consideration.

Sincerely,
