By the end of Jaiven's senior year, he will have completed 8 credits towards his graduation requirements.

5th Year

Jaiven will work with his counselor, Aarin Pinkstaff, his administrator, Dave Vickery, his Case manager, Russell Jellesed, and his parents to come up with a plan for how he will complete his final 3 credits in his 5th year of high school. His current options are completing the credits in the first semester at Hillsboro High School and graduate at semester or he will earn the final three credits in an alternative setting through the Hillsboro School District.
