

11.13.15

To:

North Medford High School Athletic Director

At the beginning of the school year my son started in the Phoenix/Talent district. We changed schools due to a legal matter between himself and two other kids. Rather than be subjected to segregation due to these false charges, we opted to change ~~the~~ schools. We even reserveyed a hardship cause to transfer in to the Medford district due to this. I chose NMHS because it is close to my work and he already had many friends there since he had gone to school at Wilson several years ago.

I hope this letter works. Please let me know. Zander would love to play basketball this year.
