

To whom it may concern,

I am writing this letter to express my regretful-ness of my freshman year, concerning my grades and attendance. Which poorly suffered due to my lack of concern as to how important my attendance and grades are for my successfullness not only pertaining to basketball but also my success in life. I now realize the mistakes I made have impacted something so important to me and my success.

I have set goals to ensure the success of my future which includes attending SUN tutoring Tuesdays Wednesdays and Thursdays from 3:15 to 5:00 P.M. and attending summer school to ensure my success. I understand that basketball is only thing that keeps me on track and motivates me to do better but I am now realizing that attending school and doing the work is just as important. I hope that this letter showcases how important school and sports are to me. Thank you for your time and consideration concerning this matter.

Sincerely,

Maria Taylor
