

To whom it may concern,

I Morgan Gilmore, am writing this letter in hopes you will give me the opportunity to play for my senior year. I moved down here to Drain in June 2015 with my grandparents because of me and my mothers differences. I stayed with them all summer, and before I realized it, school was starting up again. I grew up in Drain and spent most of my childhood at the elementary school before moving in 3rd grade. I would like to spend my last year in Drain playing sports. I have a lot to offer to the team. They have given me a lot of support through this hardship. We hope this can get resolved soon. Thank you for your time and reasoning.

Sincerely,

Morgan Gilmore
