November 24, 2015

**To Whom It May Concern,**

My sister's name is Carley Judson and is a junior at North Valley High School, who is a transfer student from ACE High school. Carley is also a swim player who has been approved for the swim team at school. I know that normally she would be asked to sit out for the season, but since her transfer is based on familial hardship, we would like to request an exception.

In July 2015 I asked my sister to come live with me due to parental neglect. Carley's mom had asked her to move out and her dad was not able to financially support her. Because Carley is a minor and had nowhere else to go, I asked her to move here and live with me.

I hope that this hardship from our family won't stop her from participating in a sport that she loves and that has helped her grow within the school.

Thank you for your consideration.

Sincerely,

**Cheri Estep**
