RE: Carley Judson

District Hardship Committee:

Carley Judson arrived at North Valley High School at the beginning of this year due to personal reasons that she and her mom outline in their letters. Due to the change, she is living with her sister and we are appealing the affiliation without joint residency component of eligibility. Since her move this year, Carley has displayed some tremendous progress. Her grades are in order and she is on track to graduate. Please consider allowing her to compete in swimming this season. Thank you for your consideration.

If you have any questions, please contact me.

Sincerely,

Erik Lathen
North Valley High School
Vice Principal/Athletic Director
