Mr. Lathen,

Please use this email as supporting documentation for Ms. Carley Judson's appeal to participate on the school's swim team. Ms. Judson attended ACE from November 2013 to March 2015. During her time here she was a model student earning high grades and praise from her teachers for her leadership, work ethic, and willingness to help others. Carley did not have any behavior incidents or referrals to the office and her attendance was very good. If you should have any additional questions please feel free to give me a call.

Sincerely,

Bob DeRuse, Principal
