December 3, 2015

SWC Eligibility Appeals Committee

Patrick Royal has transferred to South Medford High School from Newsome High School in Lithia, Florida. He comes from a military family that has endured both personal and professional obstacles that put Patrick's education on hold for one year. He is seeking the opportunity to wrestle for our program this year despite being behind in credits due to his year off from school. Patrick has a 3.645 GPA with excellent attendance and, in his first quarter at South Medford, earned a 3.66 GPA. He is a very kind, polite kid who is looking for a place outside of the classroom to fit in and become part of something bigger.

With the events of the economy and a military lifestyle influencing his families moves we feel Patrick should be given the opportunity to join our wrestling program. These are circumstances that were beyond his control and he is working very hard at integrating into our school and being a high level student.

Thank you for your consideration

Sincerely,

Damian Crowson

Principal, South Medford HS

Jamie Hammericksen

Athletic Director, South Medford HS
