To Whom It May Concern,

Concerning the credit recovery for the below listed students, I have spoken with coaches, advisors and councilors and the team feels like all of these students are early enough in the process that with hard work they will soon be on track to graduate with their class.

Basketball seems to be something each of these students are interested in, and the team feels that the positive pressure from the team will help them to keep their grades up and help them catch-up academically.

Thank you for considering our students in this eligibility request.

Robert Reed

Caleb Galicia

Keith Simmons

Charlie Helms

Sincerely,

Joe Bailor
