To Whom it May Concern,

I have had the pleasure of teaching Robert Reed this year at Siletz Valley Early College Academy. As the head social studies teacher, I have had many opportunities already this year to see Robert grow as a student and accomplish great things as he continues to work hard towards a better education.

I believe Robert has the ability to do anything he sets his mind to. His work ethic is impeccable and truly is a wonderful representation of our school. Robert does not have behavior issues at all. He shows up to every class organized and prepared. I believe that what Robert does in the classroom, he can do also in sports. I believe he would be a great example for some of our other students who may be struggling to balance athletics and education. I have no concern for Robert, because he has already shown his abilities to tackle education and continue to be an active member in our school community. It is truly a pleasure to have this student in class and he is a great example of a warrior.

I highly recommend Robert be allowed to participate in Siletz Athletics this year. He is a thoughtful, organized, and diligent student. He does not miss school and he truly is an example for other students in Siletz.

Any athletic program would be lucky to have Robert to participate. His creative learning ability and motivation makes him a great candidate. I personally give Robert the highest recommendation.

Please feel free to contact me if you need any further information. I can be reached by phone at (541) 444-1100 x-136 or by email at jkramer@siletzvalleyschools.org.

Sincerely,

Jessica Kramer-Denton

Social Studies Educator

High School Head Varsity Volleyball Coach

Siletz Valley Early College Academy

To: OSAA Board,

My name is Robert Reed. I am behind in my credits because I was home schooled online and the school couldn't bring anything up from it. I want to play basketball because I never done any extra activities at school nor at home and I want to be able to play so I can spend time with my friends and have fun playing against other schools.

Ever since I was moved into foster care, I was moved into Siletz Valley Early College Academy where my grades improved since the first quarter. My grades have been A's and B's this year since I returned to public school. I was awarded with a High Honor Roll award from my hard work and dedication to my work.

I work hard to improve myself throughout the year as time passes. My Foster Family and friends support me and hope the appeal passes so I can play basketball. My teachers send me letters telling me good job on all the hard work I put into my assignments.

Thank you for considering my waiver,

Robert Reed

To: OSAA Board,

Robert Reed came into our home September 1, 2015 when he entered foster care. Before that time he was being home schooled, so is behind in his credits to graduate. We are asking you to consider granting him a waiver so that he can play basketball.

Robert has worked very hard in school this year and has earned only As and Bs in each of his classes. He has no late assignments and stays up to date on all of his coursework. His teachers have reported to me that he has been working very hard in class and tries hard to turn in quality work.

Robert has also had great attendance since returning to school. He has only missed class for required DHS appointments. He has no unexcused absences and no behavior referrals.

Robert has not had the opportunity to play any sports during his childhood and is very interested in playing basketball this year. He feels it would be a positive part of his school experience.

He is in a completely new household this year with a foster family that supports him and his goals. We also put a high priority on school and learning and believe we can provide the support system he needs to be successful both in school and in basketball. We believe it would be a positive part of his new experiences to be able to be a part of a team and learn about hard work, team work, and mastering a new skill.

Thank you for your time,

Vance and Katie Lindstrom
Foster Parents

To whom it may concern,

I am writing this letter in support of Robert Reed. I have known Robert since I had him as a student in 5th grade. He stopped attending Siletz School somewhere around middle school. I was just reconnected with him recently through foster care (My sister is his foster mom). I am very happy to see Robert take some interest in sports and getting active. He is not an active person generally and has never played organized sports. With the nature of his disability, he can be very self-centered and have trouble empathizing. Team sports is perfect for him because he will not only have to work on his social skills but in a team setting; all the while exercising. Robert has enjoyed school since being under foster care and has kept up on his school work. I think basketball is the perfect fit to support his academics while helping him to mature in other areas as well. Please consider clearing Robert Reed to participate in athletics.

Thank you for your consideration,

David Morgan
