Re: Hardship for Jose Perez-Diaz

I am writing this letter in support of Jose Perez-Diaz. Jose transferred to Henley High School from Mohave High School in Arizona, during this summer. He entered Henley High School with eighteen credits, on track to graduate, and in good standing at Mohave High School on his departure.

As I read his and his father's letter discussing their reasoning for Jose leaving Arizona and why he made the move to Oregon, it is clear to me that it was and has been a good move for Jose. I find him to be a very fine young man, soft-spoken, focused, and a pleasure to be around. He has had no discipline or attendance problems and doing well scholastically at Henley and fits in well. He is one of those kids that spends four years at your high school and when he graduates you didn't know he was there.. If he hadn't come in and talked to me about playing basketball I would not have known he was on our campus.

Jose has been going to our open gyms a couple of nights a week for the past month and would like to try out for our basketball team. At this point it is very unclear whether or not he would make the team. He has become friends of some of the basketball players and seems to like the game. Also it should be noted that he had no contact with any coaches or Henley High Staff prior to his enrollment at Henley High School.

Please consider approving this hardship for Jose Perez-Diaz as he is doing very well and the move has done him well. Also the opportunity to play basketball will keep him connected, engaged, and part of something.

Thank you, Wayne

To Whom It May Concern,

During my junior year of high school in Arizona, I was starting to hit a variety of issues. My school was turning into a toxic environment where I was unable to learn. At school, I was always around the wrong group of people where it wasn't beneficial for me or the lifestyle that I was looking for. My junior year took a turn for the worse when many of my childhood friends were taking the wrong road chasing drugs and alcohol. Mohave High School was rapidly falling apart, and it wasn't helping my education or myself.

At Mohave, the learning environment was unstable and stressful for me. I was having a hard time focusing on my education when teachers were getting fired for sexual relationships with students and selling drugs to students. A couple of my teachers had to be replaced by others, and it interfered with my learning ability. With the inability to learn properly, my stress level kept rising and my grades continued to plummet.

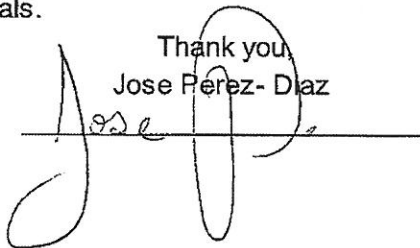

Many of my friends were also involved in sports, but doing drugs aside. Numerous of my close friends were eventually investigated and suspended from school. Being around them, they also tried to pressure me in their illegal activities, like drinking, or smoking marijuana. I was to my breaking point; I didn't have teachers that would help, Mohave was falling apart, and I distanced myself from everyone. I was alone.

Although I was falling apart because of school, I was always too afraid to tell my dad. I also felt like my issues weren't a big deal and I was overreacting. After months of my dad asking about school, I finally opened up to him and explained everything about how I felt and about school. He then explained to me everything he had been reading in the newspaper about Mohave and all the drugs going around. My dad himself told me that he wasn't too comfortable sending me to that school. We talked about it and decided to give it one more try and see if it got better. After a couple weeks, another teacher, my math tutor, got fired for having a relationship with a student. Math being my worst subject, I ended with a D for my junior year.

After months of talking, my dad and a close family friend started to talk about moving me to a better environment. Ralph, who works at the Sheriff's office in Klamath, told my dad about Klamath Falls and Henley. He explained to my dad if he was unable to move with me, he would love to take me in, if I wanted to, in order to get my grades on track and be in a better learning environment. I made my decision to move in with Ralph and finish my high school years in Klamath.

Now that I am living with Ralph, my grades have improved, I have met some new friends, and I feel happy. It was hard living in Arizona. Getting an education shouldn't be hard like it was for me before I moved here. I can feel myself getting better. Ralph has helped me through my struggles, Henley is an amazing school, and the staff are all very helpful. Moving to Oregon has been the best decision I have ever made. I know that with this decision, I can finally start getting back on track and pursuing my goals.

Thank you,
Jose Perez- Diaz

Subject: Hardship for Jose Perez Diaz

October 12, 2015

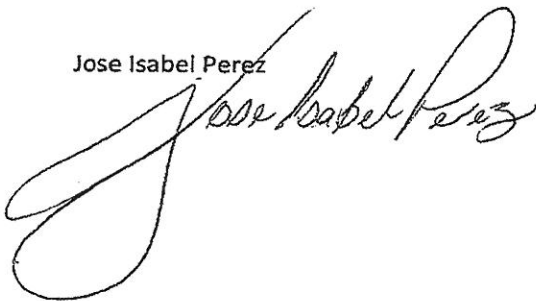

To whom it may concern:

I (Jose Isabel Perez) am writing this letter in reference to my son and why he is attending school in Oregon. My son was attending school in Bullhead City, Arizona from 9th grade thru 11th grade. During this time I notice that my son was getting very distant and he was spending a lot of time alone. We had a lot of conversations over this time about what was going on in his life. We talked about the issues he had to deal with while going to Mohave High School. He had told that a lot of his friends and teammates were getting into drugs and other illegal activities. During this time I have seen his grades fall and his desire has got less every year. A lot of thought was put into letting him move to Oregon and attend school for his senior year. I did not want Jose to fall to peer pressure and get into trouble with the school or with local law enforcement.

This last year one of our long time family friends (Ralph Sprague) a local sheriff deputy, was visiting from Klamath Falls, Oregon and we were talking about Jose and the issues that he has faced and he offered to take Jose in his home and help him with these issues. After discussing this with Jose we decided this option would be the best option in order to better himself for his future. I talked with Ralph and asked him about the school and the community and he told me about the school and community and how good it was at the school. Ralph gave us a lot of information about the town and I weighed the information about Klamath Falls and Henley High School. Both my son and I thought about this option and decided that he would attend his senior year in Oregon. I know that this decision is the correct decision and is in the best interest of my son. It was a very hard decision for me to make as a father, but I know it was the right decision for my son. I have talked to my son on a daily bases since he has been living in Oregon and I have notice that he has become that happy young man once again. I know that this has been a hardship on my family and his brothers, but I had to make the correct decision for Jose.

If you have any questions on this hardship please feel free to call me at (928) 234-3574
