To Whom it May Concern:

Molly Benjamin would like to participate in school sports and cannot afford to. Our financial situation has not changed since we arrived in Lebanon at the beginning of the 2014-2015 school year completed paperwork for the Free Lunch Program. I do not have an income and Molly's father lives in California. My full-time volunteer job is to assist my elderly parents with whatever needs they may have; errands, doctor appointments, companionship, etc. In exchange for the help I provide to them in their independent living quarters at a retirement facility, we live in their old home on Vaughan Ln. I didn't complete this paperwork for the current school year because Molly does not eat in the school cafeteria and was not planning to participate in any sports. I'm sorry for any inconvenience caused by her decision reversal.

Last January Molly had a concussion that took her out of the classroom setting and sports for the rest of the year. She worked with her counselor, teachers, and the local Alternative Education Administrator to pass the Proficiencies for Math and Science with the help of a tutor at the Lebanon School District office on 5th St. This was completed the 2nd week of summer break. Since, Molly has been enrolled at LHS since the first day of the 2015-16 school year. Please allow her to participate and to pay reduced fees for the swim team.

Thank you,
