To Whom it may concern:

Adrianna Wigzell came to live with me on November 26, 2015. Due to circumstance that led her to me. (I am her Mother's biological sister) She has had a very unstable environment living with her mother. She has not provided a stable environment for her. Due to the use of drugs, I watched her go from couch to couch and home to home till she finally made the decision to let her come live with me. She has and always will do good in school despite not knowing where she would be sleeping and at who's house. She was doing really good living with her Step-dad and girlfriend until they got into an argument and they called me and asked me if I would take her and I welcomed her with open arms. At this time this is the best place for her to excel and shine with the right things in place. The state came and talked to me and within 15 minutes they also decide this is the best place. She would really like to do cheer leading, and I think if let to be, and the stable environment she is in, she will be a good addition to the team. Please she has been punished enough let her shine!!!

Thank You,

Tina Smith

(Adrianna's Aunt)

To whom it may concern,

My mother has been abusing drugs for as long as anyone can remember, I was about 2 years old when I was taken away from my mother as well as my brother, she was intoxicated with meth as well as alcohol and child care stepped in. My grandparents had been through this many times with my cousins and knew exactly what to do. They took charge and adopted us; we lived with them for 9 years in Cottage Grove. By that time I had attended Delight Valley Elementary School And Bohemia Elementary. I finally moved in with my mom in Yoncalla. I had attended Yoncalla Elementary School during this time. My mother never did quit drugs. During the first 8-12 months we got along great! But after "the honeymoon stage" we never stopped fighting, she started meth again. She was never home, always drinking, doing drugs, and gambling. I stayed for two years and her boyfriend kicked us out because of her addiction. We then moved back to Cottage Grove with an old boyfriend and I attended Lincoln Middle School for a school year. Once again my mother was never home, when she was, she was sleeping from coming down off of drugs. Around the middle of the school year she became very violent with me and I ended up hopping couches for about 3 months. I ended up moving in with my grandparents again for about 2 months when me and my grandmother had a falling out and I left. I ended up hopping couches for about two weeks when my step-dad decided that he was going to have me live with him, he took my brother (his biological son) with him as well. Things were going really well, I was with him for 4 months and attended Nestucca Jr. Sr. High School at the time. My step-dad and his girlfriend broke up so me and my brother had to leave again. My brother was welcomed back by our grandparents, while I was welcomed by my aunt, my mothers sister. My whole life my mother has made very poor decisions and has always abused drugs, during the past few months she discovered that she has breast cancer, still not taking care of herself she signed me off to my aunt finally making a decent decision. I have been with my aunt for about two weeks now and currently attend Creswell High School, my grades are high and I am doing really well. My home is now my aunts and I am in a stable condition, my aunts is the best place for me.

Sincerely,

Adrianna L. Wigzell

Hardship Committee,

12/14/15

This letter is in support of Adrianna Wigzell's hardship appeal. She came to Creswell High School a few weeks ago and has since expressed interest in Cheer Competition. She is not eligible to participate in competitive cheer because she does not live with her guardian. After meeting with Adrianna and her Aunt, who she now lives with in Creswell, I believe she does qualify for a hardship to participate.

Adrianna has experienced large amount of substance abuse and poverty in her short life. Her mother who has been in and out of her life has struggled severely with substance abuse. Her biological father has never been in her life and signed away any custody rights on her when she was 2. She moved from Nestucca this fall after living with her step dad and his girlfriend. As you will see in the email from Nestucca School District, they were under the impression that she was living with her biological dad but this is not the case. Due to unforeseen family issues she was again with a stable home environment when her Aunt stepped up and took her in.

Please let me know if you have any questions.

Good morning!

While Addie was here at Nestucca, she lived with her biological dad and step-mom. I am attaching her attendance record, so you have that for your documentation. She was not a behavior issue at all. We were in the process of assessing her for an IEP, but had just started the process when she suddenly moved.

Let me know if you need any further information.
