To Whom It May Concern:

On behalf of the Oregon National Guard and our Oregon Youth Challenge program I would like to congratulate Cadet Scott Martin on completing one of the most rigorous and demanding educational programs in the nation. It is a pleasure to provide a positive recommendation regarding potential employment and continuation of educational opportunities. Our program is a 17 month program wherein a strict military model is used to assist cadets in developing self-discipline, commitment to excellence, follow through, community service, physical development and academic excellence. Cadet Martin completed the program's eight CORE components including a rigorous curriculum certified by the Oregon Department of Education.

Graduation from our program is not easy. As only one of 35 programs nationwide, it demands the most from a teenager and requires total behavior and personal development to successfully complete. Cadet Martin has met all of the OYCP standards required by this National Guard Program, which is sponsored by the United States Congress. We are very proud of this achievement and confident that if extended an opportunity, this Cadet will contribute in a positive way to their employer, school and community.

If you have questions or would like additional information regarding the Oregon Youth Challenge Program, or Cadet Scott Martin, please contact me, Daniel M. Radabaugh, Director at (541) 317-9623.

Sincerely,

Daniel M. Radabaugh
OYCP Director

The program mission is to provide opportunities for personal growth, self-improvement and academic achievement among Oregon high school drop outs, teens no longer attending and those failing in school, through a highly structured non-traditional environment; integrating training, mentoring and diverse educational activities.
